ADVERTISEMENTS.

THE BRISTOL CHURCH and TURRET-CLOCK MANUFACTORY, Established 1758. THOMAS HALE and Co. respectfully inform architects, churchwardens, and others, that they contract for making and erecting church and turret-clocks of any magnitude, comprising all the latest improvements, at reasonable charges. Clocks defective in construction altered or repaired, in any part of the kingdom, upon moderate terms.—Note the address, 3, Narrow Wine-street, Bristol (late Washbrough, Hale, and Co.)

ROUGH PLATE GLASS.—TO BE SOLD, a large quantity of small-size ROUGH PLATE GLASS, suitable for glazing workshops, &c., at a very reduced price.—Apply at the Soho Plate Glass Warehouse, 28, Soho-square.

SOHO CROWN, SHEET, PATENT PLATE, ORNAMENTAL and PLATE GLASS WAREHOUSE, 28, Soho-square, London.—ALFRED ORSLETT begs to call the attention of the trade to his large and valuable STOCK of the above descriptions of GLASS, which he can offer at the very lowest wholesale prices, delivered either in crates, as manufactured, or cut to size and glazed.

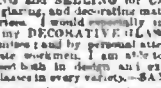
PATENT PLATE GLASS.—HETLEY and CO. beg to inform Architects, Builders, and the Trade generally, that their new Tariff of PRICES for the above is now ready, and will be forwarded on application. A REDUCTION of about 20 per cent. has been made on the usual Glazing sizes.—Sheet, Crown, and Ornamental Window-Glass Warehouse, 35, Soho-square, London.—ROUGH PLATE GLASS.

CHEAP ORNAMENTAL GLASS.—I beg to inform my friends and the public, that I have now completed a new ENGINE, and, owing to the facility with which I can execute orders, I am enabled to reduce my former prices considerable. The prices are now from ONE SHILLING PER FOOT SUPERFICIAL and borders from SIXPENCE PER FOOT RUN. A large quantity of the cheapest patterns always in stock. Embossing and painted work on the most moderate terms.—CHARLES LONG, No. 1, King-street, Baker-street, Portman-square.—Cash only.

E. and W. H. JACKSON beg to call the attention of Builders and the trade to the reduced prices of their PATENT PLATE GLASS, BRITISH PLATE, silvered and for glazing, of unrivalled quality and finish. BRITISH PLATE, CROWN, SHEET, COLOURED, and ORNAMENTAL GLASS, in every variety, of the best manufacture, and at the lowest terms. List of prices, estimates, and every information sent on application. THE ROYAL ARMS, richly painted on glass,—size, 42 inches by 36,—well adapted for a public Company's Hall; to be seen at their warehouses, 319, Oxford-street.

MARYLEBONE LEAD, GLASS, and COLOUR WAREHOUSE, and ORNAMENTAL GLASS WORKS, 15, HINSON-MOVE NORTH, NEW ROAD.—I beg to announce to architects and builders, that I have succeeded to the very old established business carried on in the above premises, and while I am determined to keep no inferior articles in my stock, I am able, by carefully watching the markets, and by adopting the system of BUYING and SELLING for CASH, to supply all plumbing, painting, glazing, and decorative materials and tools, at the lowest current prices. I would especially invite the attention of architects, &c., to my DECORATIVE GLASS, which I execute wholly upon the premises (and by personal attention), and the employment of first-rate workmen. I am able to present every description, unsurpassed both in design and execution.—Fine and Lamp Shades and Glasses in every variety.—SAMUEL K. BLAND.

. Complete price lists forwarded on application.



HURWOOD'S PATENT APPARATUS for MOVING and FASTENING WINDOWS, &c.

GENERAL DESCRIPTION.—The invention recommends itself in all its applications by its simplicity, efficiency, and certainty of action, and entirely dispenses with all pulleys, weights, cords, springs, setpieces, fastenings, &c. A principal feature in the invention is the application of the screw, or worm working into a wheel or rack, as a prime mover. The apparatus moves with ease and certainty; is very durable, not likely to be out of order; is perfectly secure in every position, and is applicable to conservatories, French casements, folding-shutters, stables, venetianes, skylights, ship-scuttles, dock and stern lights, and to all descriptions of windows, and is particularly adapted to public buildings, where security is an important object, as in lunatic asylums.

Further particulars may be had upon application to the Patentee, and also the terms upon which licenses are granted.

. Illustrative Catalogues may also be obtained from the Patentee, Ipswich, by inclosing twelve stamps, to cover postage.

PIMLICO SLATE WORKS.—Mr. MAGNUS begs to announce that his PRICE LIST of PLAIN and ENAMELLED SLATE for 1850 is NOW READY, and can be had on application at the Manufactory, 39 and 40 Upper Belgrave-place, Pimlico.

STIRLING'S BELVEDERE SLATE WORKS, Belvedere-road, Lambeth.—A reduced list of prices of the best WELCH SLATE SLABS, planed both sides, will be sent on application post paid thereto made, and inclosing a postage stamp. The prices are under those advertised for inferior slates.

BATH STONE OF FIRST QUALITY.

RANDELL and SAUNDERS, QUARRYMEN and STONE MERCHANTS, BATH.

List of prices, also cost for transit to any part of the Kingdom, furnished on application.

MARKET WHARF, REGENT'S-PARK BASIN.—Messrs. MARTIN and WOOD (late Seeley and Martin) solicit the attention of Builders, Masons, and others, to their stock of Portland, York, and Derbyshire Stones; also Bangor Slates, Lime, Cement, Plaster, Bricks, Tiles, Lasths, Fire-goods, Fire-stone, &c., sold at the lowest possible prices for cash. Portland Headstones, Ledgers, Slabs, Landings, &c., cut to order on the shortest notice. Turnings let on hire. A Stock of Norbon's Brass Pipes, Valves, &c., always on hand. Mortar, Lime and Hair, Pine Sand, &c.

BATH STONE.—Messrs. RANDELL and SAUNDERS, Quarrymen, Bath, have appointed Messrs. MARTIN and WOOD their sole agents in London, 31, and beg to inform Architects, Masons, Builders, &c., that a large assortment of the much approved COMBE DOWN and other BATH STONE will always be kept at the Depot, opposite the Great Western Railway Station, Paddington. Orders will also be received at Market Wharf, Regent's-park Basin.

BATH STONE.—Messrs. DANIEL and CHARLES JONES announce to Architects and Builders, that they continue to supply the FARLEIGH and COMBE DOWN STONE of the best qualities upon the most reasonable terms.—Bradford, Wilts.

BATH STONE DEPOT, Great Western Railway, Paddington.—EDWARD PLEISTER (late Agent for Job Pleister) respectfully thanks builders and others for the kind support he has received during his Agency, and having taken the Business on his own account, hopes that, by supplying all kinds of Bath and Painswick Stone of the best quality, and at the lowest prices, to merit a continuance of their favours.

DEVON WHARF, REGENT'S CANAL, Mile-end.—YORKSHIRE PAVING, SELF FACED and SAWN SLABS, STEPS, LANDINGS, and all kinds of STONE, can be supplied by JOHN KNIGHT and SON at rates lower than at any other place in London. Book for the DEVON HAYTOR GRANITE COMPANY, granite curb sets, crossings, pitchers, and blocks of any size. Blue lias, grey stone, and chalk lime, cement, hair, glazed stoneware drain pipes, &c.

ANSTONE STONE WHARF, STANGATE.—Mr. GRISSELL has the honour to inform Architects and Builders that he has made arrangements for the SUPPLY of ANSTONE STONE for all building purposes, and which can now be seen at the above wharf by application to Mr. W. G. WARDLE, of whom every information can be obtained.

N.B. The stone used in the erection of the New Houses of Parliament was supplied EXCLUSIVELY from these quarries.

YORKSHIRE FAIR HEAD BRAMLEY FALL STONE, DEVON HAYTOR WHARF, ROTHERHITHE, LONDON (late Quebec Wharf).—Engineers, Railway Contractors, Builders, Masons, and others are respectfully invited to inspect this SUPERIOR FREE STONE, which can be supplied in any extent, is well adapted for docks, bridges, abutments, sea walls, and all railway works. A cargo has just been landed at the above wharf, and where a stock of blocks, &c., will always be kept.—Further particulars may be known on application to Mr. GEORGE CLARK, 30, Great Argyll-street, Regent's-park, Rotherhithe, London, near the Lavender Steam Boat Pier. Samples of the above may be seen at the Office of "The Builder," 2, Yorkstreet, Covent Garden.

PURBECK MARBLE, of the same kind as the columns and ornamental work of the Temple Church, London, are compared, can be had of Mr. JAMES VOSS, Woodyhide, Corfe Castle.

SAMUEL CUNDY, Mason and Builder, 9, PIMLICO MARBLE and STONE WORKS, Belgrave Wharf, Pimlico.

GOTHIC WINDOWS, ALTAR SCREENS, and other Works, produced at a remarkably cheap rate.

PRINTS from 2l. upwards. Specimens on view of the Early English, Decorated, and Perpendicular styles.

ALTAR TABLETS Illuminated.

First-rate ARTISTS retained for SCULPTURED GOTHIC CARVING.

MEMORIAL CROSSES, MONUMENTS, TOMBS, HEADSTONES, &c., in great variety of design. Letters cut and complete for fixing in the country.

The Public are respectfully invited to view the carefully selected and manufactured Stock, by improved machinery, of Veined Marble Chimney-pieces—cheap and good.

PARTIES fitted up with MARBLE or SLATE SHELVES.—MINTON'S Encaustic and White or Blue and White Porcelain Tiles in great variety of pattern.

A GOOD MARBLE CHIMNEY-PIECE FOR FORTY SHILLINGS.

A liberal discount to the trade.

CAEN STONE, SELECTED FOR EXTERNAL WORKS.—LUARD, BEEDHAM and Co., Quarry Proprietors and Importers from Allemagne.

ANCHOR STONE from the Quarries, near Falaise, Calvados Department.—Anchor is of similar colour to Portland Stone, its texture finer than Portland, price and labour of working about the same.

RANVILLE STONE from Ranville Quarries, near Caen, Normandy.—Suitable for stone works, wharf and quay walings, piers and harbour similar to Caen Stone.—Depôt, Caen Stone Wharf, Rotherhithe; Vauxhall-bridge, Westminster; No. 8 Wharf, Paddington Basin; Northern Wharf, Battle-bridge; and Kensington Basin.—Information and samples supplied from the Office, 18, South-wark-square, Borough.

PAVING, 2s. 9d. PER SQUARE YARD. Basements, Foot-walks, Malt-houses, Corn Stores, Floors of Warehouses, and every description of Pavement laid down at the above low prices, and the work guaranteed.—Apply to JOHN PILKINGTON, POLONCEAU'S BITUMEN PAVEMENT OFFICE, 14, JOHN-STREET, ADELPHI.—N.B. Country Agents and Railway Engineers and Contractors supplied with the best bitumen for covering bridges and arches.

ORSI and ARMANI, WHITE and ORNAMENTAL, for the interior of Churches, Museums, Halls, Vestibules, Conservatories, &c. &c.; BROWN, for Foot Pavement, Flooring, Covering Railway Arches, Terraces, Roofs, &c. &c. Specimens and List of prices can be obtained at the offices, 6, Guildhall Chambers, Basinghall-street, City; and at the office of "The Builder."

TO THE BUILDING PUBLIC.

FIRST-RATE ORNAMENTS in PORTLAND, ROMAN and other CEMENTS and PLASTER of PARIS, at reasonable prices, consisting of Vases, Balusters, Capitals, perforated Panellings, Chandeliers, Brackets, Trusses, Wreaths, Scrolls, Masques, Heads, Figures, Friezes, Gothic and other Chimney-shafts, Sculls, Medallions, Paterne, &c. &c. Centre Flowers from 10 feet diameter downwards. An assortment of Shop-front Trusses always ready for fixing.—HERBERT and SON, Modellers, &c., 68, Parker-street, Drury-lane.

MINTON and CO.'S ENCAUSTIC and other PATENT TILES for Churches, Romanesque Halls, Conservatories, Entrances, &c., Antique, Geometrical, and Elizabethan Mosaics, manufacturers of a slightly decorative character and extreme durability. Flabs and Tiles for Hypocausts and Hearths, Cornices for Grates, Floor Furniture, White stained and ornamental Tiles for Baths, Dairies, and Kitchen Ranges may be had in great variety at their Warehouse, 3, Albion-place, Blackfriars-bridge, London, and at their Manufactory, Stoke-upon-Trent, Staffordshire.

TO CONSUMERS of PLASTER of PARIS.—The Advertiser is in a position to supply the above article in quantity at extreme low rates.—Particulars may be had on application.—Address, W. B. WILKINSON, Prudhoe-street, Newcastle-on-Tyne.

ATKINSON'S CEMENT.—This Cement is the hitherto-keen manufactured in Yorkshire, and through long detention at sea, has often proved stale and unfit for use on its arrival in London. By the arrangement now made, the Cement will be manufactured in London, and it is presented to consumers in a fresh and genuine state, by the sole Agents, J. B. WHITE and SONS, Millbank-street, Westminster.

KEENE'S and PARIAN CEMENTS, for internal stucco, are employed very advantageously in place of sand for aldermans, architraves, and panel mouldings, and for in short flowering, instead of dress. The peculiar properties of PARIAN Cement allow of its being painted or papered upon within a few hours of its application, and thus render it an important substitute for common plastering in those cases where expedition and beauty of finish are essential.—J. B. WHITE and SONS, Millbank-street, Westminster. Patentees of KEENE'S Cement, Licensees of PARIAN Cement.

PORTLAND CEMENT, as manufactured by J. B. WHITE and SONS, possesses all the properties of the best Roman Cement, but has the advantage over that material of wholly resisting frost. When used as a stucco it does not vegetate or turn green in damp situations, and requires no colouring. Employed as an hydraulic mortar for brickwork it increases four to five measures of sand to one of cement, and is proved by trial to become harder and stronger in these proportions than Roman Cement with but one measure of sand. This superior concretive power, combined with its eminently hydraulic properties, point it out as the finest material for building sea and embank-ment walls, the lining of reservoirs, cisterns, and baths, and for all those purposes where strength and a perfect resistance to water are required.

Manufactories—J. B. WHITE and SONS, Millbank-street, Westminster, and 36, Basil-street, Liverpool.

PORTLAND CEMENT, solely MANUFACTURED by WILLIAM ASPDIN, Son of the Patentee.—Messrs. ROBINS, ASPDIN, and Co. (formerly Messrs. Robins and Son), page 404; and also Wm. Aspdin and Son, pages 341 and 357 of "The Builder," for accounts of EXPERIMENTS on the strength of Portland Cements, wherein the great superiority of their Cement is manifest. This Cement has been proved for upwards of twenty years in the Thames Tunnel to resist the action of water; it is stronger in its cementitious qualities, harder, and more durable than any other description of Cement; it does not vegetate, crystallize, or turn green; nor is it affected by any atmospheric influence whatever the climate, resisting alike the action of frost and heat. It is manufactured to set in from five to sixty minutes. For all purposes that Cement is applicable the Proprietors challenge competition, orders received by Messrs. ROBINS, ASPDIN and Company, at their Manufactory, Northfleet, Kent, and Lloyd's Wharf, Great Scotland-yard, Whitehall; also at their Depôt, 4, Hanover-street, Liverpool.

GREAVES'S BLUE LIAS LIME, WARWICKSHIRE CEMENT, RICK SAWN FLAGGING STONE and MARBLE WORKS, WARWICK.

AGENTS—

Messrs. Hartty and Vesey, 2, South Wharf, Paddington.
Messrs. Shadbolt's, Pollard-row, Lambeth.
Mr. J. Champion, Back King-street, Manchester.
Mr. T. Wells, 1, Royal Bank Buildings, Liverpool.
Mr. J. Harrison, Lowbridge-street, Chester.
Mr. T. E. Mason, Bridge, Farnham, Sherbrook.
Mr. J. Bramhall, Hartley-green, Birmingham.

And can be delivered by the Proprietors own boats to any part of the kingdom.

MARTIN'S PATENT FIRE-PROOF AND ORNAMENTAL CEMENT, APPLICABLE FOR ALL INTERNAL PURPOSES WHERE PLASTERING IS REQUIRED.

This invaluable Cement has, a few years before the public as many years, and obtained so high a standing in the estimation of all who have used it, that it is unnecessary to comment on its merits. Messrs. STEVENS and SON, however, feel called upon to observe, that from the greater extent of surface which a given quantity of MARTIN'S Cement will cover, as compared with other Cements for internal use, there will be found a gain of 50 per cent. in material; full 7 per cent. less in price, with an additional saving in labour of 10 per cent., by its allowing about forty minutes for working, being less than one tenth of the time of other cements of a similar nature, therefore worked with greater facility, thus causing together the enormous saving of full THIRTY-THREE PER CENT. The advantages therefore cannot admit of doubt.

Specimens, showing its beauty, hardness, and applicability to all plain and ornamental purposes, may be seen, and the Cement, in any quantity, obtained of Messrs. STEVENS and SON, at their Plaster and Cement Works, 124, Drury-lane, London.—Manufactory, Derwent Mill, Derby.

THE PARIAN CEMENT, for INTERNAL STUCCO, which was supplied at Messrs. J. & H. MORLEY'S warehouses and dwelling-house, Wood-street, Cheapside, and Lombard-street, in the City, has been used throughout the premises in every story; altogether about ten thousand yards superficial, chiefly upon recently laid walls, and a small portion upon timber partitions, and that with the most perfect and satisfactory result. Feel it also necessary to observe, that the plasterer's work was done so expeditiously as to keep up on the part of the painters, thereby enabling me to have the buildings complete in the shortest possible time, both for business and for the accommodation of the establishment. I am, therefore, of opinion, that for use (the new material is a most valuable desideratum to builders generally), and fully justifies all that I have stated to understand, viz., that it was an extraordinary material. I think it right to mention, that I am at the present time having a great extent of similar work executed at another range of buildings where time and the quality of the work are of the utmost importance.

(signed) JNO. FALLEN, Architect, London.

To Messrs. Chas. Francis and Sons, Manufacturers.

Nine Elms.

EMERSON'S PATENT LIQUID CEMENT is ready for use, is simple in its application, and only ONE-EIGHTH the cost of a fresh coat of paint for covering it to re-cement over all other materials used in the fronts of houses, giving the exact appearance of PINE CUT STONE: can be used at once on fresh Roman cement or other plastering: is particularly calculated for stucco houses, villas, &c., as the cement must have become soiled or dingy, where can be beautified in any weather, at a trifling cost. Sold in casks of 1, 2, 5, and 7 cwt., 10 cwt., 15 cwt., and 20 cwt. each.—G. BELL and Co., 16, Fleming-lane, Bermondsey.

EVANS'S MINERAL OXIDE PAINTS, offices, 3, Philpot-lane, London.

Stone or drab, oxide of umber	32s. per cwt.
Blood, oxide of iron	28s. "
Dark brown, oxide of umber	32s. "

Packages of 1 cwt. and upwards are not charged.

These new paints of the Mineral Oxide Paints will be found more durable, and at the same time more economical, than any other paints. They are warranted to prevent the surfaces to which they may be applied against rust, dry rot, and decay. They are proof against atmospheric influence, sea and salt water. Directions for use are affixed to every package.

ROYAL PATENT PURIFIED TURPENTINE, Phillips's Patent.—The attention of Painters and the public is invited to one of the greatest improvements lately introduced in house-painting,—the use of the PURIFIED, instead of the COMMON SPIRITS of TURPENTINE. Paints mixed with it work more freely, go further, and look better when finished. It gives a richness and bloom to all delicate colours, and the unpleasant smell of turpentine, hitherto so much complained of, is quite abated as soon as the work is finished.—Address, JOHN RITCHELL and Co., Distillery, Phœnix Wharf, Battersea.
